

Team Charter

We, the stakeholders of the Grove Street and Prospect Hill Road Realignment Project, agree to commit to the following objectives:

- | | |
|-----------------|---|
| Safety | Everyone make it home in one piece, including the traveling public
Maintain Emergency Response Capability for the community |
| Environmental | Protect the environment
Maintain the integrity of the water courses on site -
Prevent the spread of invasives |
| Schedule | Meet or exceed the construction schedule |
| Quality | Meet the quality expectations built into the design
Quality is owned by everyone – the project is perceived as a “showcase” |
| Communications | Timely and effective communications to facilitate and support the objectives of the Project Charter |
| Public | Actively involve and keep the community stakeholders and public informed |
| Decision-Making | Build an environment of trust
Appropriate timeliness and effectiveness in decision-making
Maximize decision-making at the lowest level possible |
| Relationships | Reinforce and maintain positive relationships throughout the project
Have Fun! |
