

Section 125-020 Definitions

1. Certification means a signed, written approval by the New Milford Zoning Commission that a soil erosion and sediment control plan complies with the applicable requirements of these regulations. (*Effective: October 3, 1985*)
2. Commission means the Zoning Commission of the Town of New Milford.
3. County Soil and Water Conservation District means the Litchfield County Soil and Water Conservation District established under Subsection (a) of Section 22a-315 of the General Statutes.
4. Development means any construction or grading activities to improved or unimproved real estate.
5. Disturbed Area means an area where the ground cover is destroyed or removed leaving the land subject to accelerated erosion.
6. Erosion means the detachment and movement of soil or rock fragments by water, wind, ice or gravity.
7. Grading means any excavating, grubbing, filling, (including hydraulic fill) or stockpiling of earth materials or any combination thereof, including the land in its excavated or filled condition. (*Effective: October 3, 1985*)
8. Inspection means the periodic review of sediment and erosion control measures shown on the certified plan.
9. Sediment means solid material, either mineral or organic, that is in suspension, is transported or has been moved from its site of origin by erosion.
10. Soil means any unconsolidated mineral or organic material of any origin.
11. Soil Erosion and Sediment Control Plan means a scheme that minimizes soil erosion and sedimentation resulting from development and includes, but is not limited to, a map and narrative.
