

Municipal Roads Committee
2025 Capital Road Projects
Town Council Presentation

March 24, 2025

Where we are with this season's road construction:

- On March 19 & 20, 2025 the Municipal Roads Committee and the Department of Public Works held public meeting sessions to hear from New Milford residents who reside on the roads planned for rehabilitation in 2025
- In 2025 there are approximately **7 miles** of roads to be rehabilitated with either reclaiming or milling & paving and the total miles of chip sealing & rubberized chip sealing is TBD
- We wanted to know specifics about each road that may not be apparent to us; for instance, drainage problems, icy spots, sight distance issues, etc.
- We asked that comments and questions be sent to us by using the **SECLICKFIX** on our homepage www.newmilford.org/dpw
- Resident feedback will be assessed for incorporation into the engineering of each project

3-year summary of work performed:

Road Mileage

	<u>Paved</u>	<u>Chip Sealed</u>	<u>Rubberized Chip Sealed</u>
2022	7.83	11.85	
2023	10.27	8.36	
2024	7.8	6	6
Totals	<u>25.9</u>	<u>26.21</u>	<u>6</u>

Roads for rehabilitation in 2025

- CL Road North - *Drainage / Mill & Pave*
- Prospect Place - *Reclamation*
- Prospect Place Extension - *Reclamation*
- Prospect Street - *Drainage / Reclamation*
- Mill Street - *Drainage / Reclamation*
